The Only 10 Ft Roadside Cutters Built Bush Hog® TOUGH

The NEW Bush Hog 2710L and veteran 2610L and 3710 flex wing roadside cutters all come with 8 Bush Hog TOUGH Features that deliver performance that lasts for years.

BUSH HOG®
Performance You Can Count On™

Bush Hog® Is The ORIGINAL And Still The Best

It's no accident that the name Bush Hog® means TOUGH. From the very first Bush Hog rotary cutter to the new 2710L, Bush Hog TOUGH Features are built in. Bush Hog TOUGH Features mean superior performance the first day on the job and for years to come. Bush Hog is the ORIGINAL and still the best.

Bush Hog® TOUGH Features Mean Better Performance Now And For Years To Come

8 Bush Hog® TOUGH Features

1. TOUGH Independent Spring Cushions on each axle arm are located at the end of the axle arm where shock loads occur.

2.TOUGH Greaseable Axle Pivot Points handle punishing conditions for years. All pivot points include easy to access grease fittings. Axle arms are equipped with strong 1 1/2 inch diameter.

3. TOUGH Heavy-Duty Axle Turn Buckles mean easy adjustments now and in the future. Ruggedly constructed, the turnbuckles are easy to reach and easy to grease.

4. TOUGH 7 Gauge Strongbacks are built to last in your demanding world. They are an integral part of the cutter construction and spread loads front to rear.

5. TOUGH 1/4 Inch Sidebands are continuously welded. Formed of 1/4 inch thick steel, they are deep enough to handle large volumes of material.

6. TOUGH Heavy-Duty 5 Lug Wheel Hubs And Axle Spindles are designed for the constant use of contract and roadside mowing.

7. TOUGH Driveline Safety Retaining Rings are built to offer protection for years.

8. TOUGH Powder Coat Paint resists rust through years of rugged work.
